Description:

Bestselling author and serial entrepreneur Dale Partridge provides a concrete, easily executed plan for readers looking to start a business that will result in greater freedom, a stronger family, and healthier finances. Dale Partridge, bestselling author and founder of StartupCamp.com and many other highly successful businesses, has helped thousands of people launch new startup businesses-and find unimaginable freedom in the process-

through his highly acclaimed Startup Camp program. In Launch Your Dream, Partridge distills the essence of that course into a hyper-practical, 30-day journey for readers looking to follow their passions and realize their dreams. In clear, easily grasped steps, he teaches readers how to hone their ideas, build an audience, construct an online presence, launch a business, master social media, craft a beautiful brand, and create experiences that keep customers from ever considering competitors. Sharing time-saving smartcuts to make readers more efficient, Partridge also helps them identify and resolve business-killing blind spots. For anyone looking simply to make money on the side or seeking to become a millionaire, for the CEO or the stay-at-home mom, for the would-be entrepreneur or the freelancer, Launch Your Dream provides the steps necessary to begin living your dream in just 30 days.

“Launch Your Dream” fits neatly into the Build-Your-Passion-Into-a-Business subgenre for startups. In LYD Dale Partridge offers a 30 day blueprint for would-be entrepreneurs to shape an idea into a potential business. Partridge covers how to identify an area of interest, assess the strength of an idea, write a business plan, build an eager and supportive audience, launch and create a sustainable, humanistic culture. I appreciated the author’s ability to establish and keep a quick pace and the format of the book itself which informs the reader how much time is needed for each chapter and summarizes the chapter in one phrase, distills its key principles and gives practical to-do’s to advance the reader along the 30 day journey. The author does a nice job of presenting the condensed wisdom of business gurus and his personal experience on how he built StartupCamp, a venture that helps other entrepreneurs find their passion, start businesses and create the lives they want. I rated the book four stars rather than five because it fell short in some areas: The content could have been more original, the writing could have used fewer platitudes and more examples from successful startups sparked by the author’s StartupCamp could have been highlighted. Complaints aside “Launch Your Dreams” is an enjoyable and useful book. I recommend LYD for would-be entrepreneurs looking to create a startup, solo enterprise or small business who are seeking a roadmap on how to get going.
